

Hello to all our new and existing patients.

UPDATES FROM THE PRACTICE

We're delighted to share some team updates with you this month, as we both welcome a new face to the practice and say a fond farewell to a much-loved member of our team.

Firstly though, we're thrilled to share the news that our hygienist Amelia, who is based at our Skipton Practice, Belle Vue, has recently welcomed a beautiful baby boy. We send our warmest congratulations to her and her family during this special time.

We'd like to give a warm welcome to Abbie, who has recently joined us as our new trainee dental nurse. Abbie is at the very start of her dental career and is already proving to be a fantastic addition to the team. She is enthusiastic, caring and eager to learn. We're excited to support her as she develops her skills and knowledge. You'll likely see her assisting in surgery and around the practice and we're sure you'll join us in making her feel very welcome.

We say goodbye to our wonderful receptionist, Liz, who is taking early retirement after many years with the practice. Liz has been a familiar and friendly face to so many of our patients and her kindness, professionalism and dedication have made a lasting impression on everyone who has walked through our doors. She will be greatly missed by both patients and colleagues alike. We would like to take this opportunity to sincerely thank Liz for her years of hard work and commitment and to wish her a very happy and well-deserved retirement.

Looking ahead, Dr Sue Peet will be going on maternity leave at the beginning of July. Patients under her care should have received a separate email with more information and we will of course continue to ensure you receive the same high standard of care during her absence.

We are also pleased to share that we welcomed 48 new patients in March. When asked how they heard about us, the most common answer was word of mouth. We would like to say a big thank you to all our patients who continue to recommend us, it truly means a great deal to the whole team.

TREATMENT SPOTLIGHT

Composite Fillings!

Do you have a cavity, chipped tooth, or old filling that needs replacing?

Composite fillings are a simple and effective way to restore your tooth while keeping your smile looking natural.

Modern composite materials are carefully matched to the colour of your teeth, so your filling blends in seamlessly and feels comfortable in everyday use.

What Is a Composite Filling?

A composite filling is a tooth-coloured material used to repair teeth affected by decay, cracks, or minor damage. The material is applied in layers, shaped to match your natural tooth, and hardened with a special light.

Composite fillings bond directly to the tooth, helping to restore strength while preserving as much of your natural tooth structure as possible.

Why Might You Need a Composite Filling?

A composite filling may be recommended if you have:

- Tooth decay (a cavity)
- A chipped or slightly broken tooth
- Worn teeth
- Old metal (amalgam) fillings you'd like replaced
- Minor cosmetic concerns such as small gaps or uneven edges

Cost of Treatment:

Prices start from £128.00

Benefits of Composite Fillings:

- Natural-looking, tooth-coloured finish
- Bonds directly to the tooth for added support
- Preserves more of your natural tooth
- Quick and minimally invasive treatment
- Durable and long-lasting with proper care

Composite fillings are a great way to restore your tooth's function and appearance while maintaining a healthy, natural-looking smile.
