

Welcome to all our new and existing patients. +

UPDATE FROM THE PRACTICE

It's been a busy few months at the practice,
Especially on the staff front.

At the end of the year, we sadly said goodbye to our head receptionist at Ilkley, Maria, who decided it was time to retire. Maria had been at the practice for nearly 12 years and will be sadly missed.

We have had three new starters to the practice too, Jodie who has taken over Maria's role as head receptionist at Ilkley, Jodie has been in dentistry for 5 years working in her last practice as a dental nurse, so she has plenty of dental experience which we feel will be a great asset to our reception team.

We also saw Jenny join the team as a receptionist at Belle Vue & Lily our apprentice Dental Nurse who will work between the two practices.

And saving the best news until last...

Our wonderful Lead Dental Nurse, Kerry is pregnant and will be going on maternity leave in March ready to welcome Baby Broadley in April. We all can't wait to meet the baby and see what a fabulous mummy Kerry will be!

We are also pleased to announce that this year we are one of the proud sponsors of the Ilkley Business Awards, which take place on Friday 3rd March, we wish all the finalists the best of luck!!

ILKLEY DENTAL CARE & BELLE VUE DENTAL PRACTICE

TREATMENT SPOTLIGHT

DENTURES

If you are missing some or all of your teeth??

Then one of the ways of replacing them is by using a denture. This is a removable appliance to help you smile with confidence and eat more efficiently.

Dentures are made of acrylic, sometimes in combination with a strong, lightweight metal.

We use the latest materials and techniques giving really good aesthetics, durable and long lasting dentures.

Dentures can be a simple and effective way of replacing missing teeth.

We are extremely lucky here at Ilkley Dental Care Group to have the amazing Martin Page who is one of only a handful of Clinical Dental Technicians in the Yorkshire region.

As a Clinical Dental Technician, it means Martin can deal directly with patients giving him total control of all aspects of denture construction, from taking the impressions to making the dentures himself in the laboratory.

Martin works at both of our practices and if you wish to make an appointment with him in regard to your existing dentures or a new denture then give the reception team a call who will be more than happy to book you an appointment.

(Article taken from the BDA)

We are required by our governing bodies to complete Patient Questionnaires every 12 months, but we love hearing your feedback good or bad (although, hopefully there will not be too much of the latter!). This is why our patient questionnaires are available all year round, should you wish to tell us anonymously (or please feel free to leave your name) about a good experience you have had or where you feel we need some improvement. Please feel free to ask at reception for a form or alternatively you can complete a review on Google or our new website.

If you would be so kind to leave us a 5 star Google review, we would really appreciate it. You can use the QR codes below.
